We are pleased to announce that the **2023 South Carolina Scale Model Mega Show** will be held on **17 June 2023** at the **Seven Oaks Park, 200 Leisure Lane, Columbia, SC, 29210**. This is a new location for us, so there are a few changes this year.

I am again the vendor coordinator and we have 64 six-foot vendor tables (eight-foot tables are not available) for sale at \$30 per table. Because we only have 6' tables available this year, we have decided to keep our 2023 table prices the same rather than raise them to meet the ever increasing venue costs. **Please carefully read the attached Vendor Registration Form for pricing & other information.** To view the current floorplan, please visit <https://scmegashow.com/vendors/>. **We reserve the right to modify the floorplan as needed.**

**For the past several years, we have sold out all of our vendor tables and quickly filled all cancelations from our standby list.** Please do not delay your reservations or risk being disappointed.

**Please send your payment in full and completed Vendor Registration Form to the address listed in the header. Your reservation is not complete and will not be confirmed until both the payment in full and vendor registration form have been processed.**

In addition to the table costs, we ask that each vendor please donate at least one modeling related item to our raffle when you set up. If you would like to sponsor a category or award, please contact us for those details. We also promote our award sponsors on our website and at the show.

We will list your business logo and name on our web site and at the show. Vendors are free to begin and end sales as they wish.

The show is open to the public, Saturday 17June2023 from 9AM until 5PM. Contest info, such as registration times and entry fees will be listed on our web site and show flyers.

This summer modeling event is well established and is now the largest in SC. 2023 will be our eleventh show since 2011.

For further details and the latest information, please see <https://scmegashow.com>.
